Queen's Grad Has Charge Of Hospital

Lt.-Col. Karl E. Hollis of Lambton Mills, has been appointed superintendent of Sunnybrook Hospital, Toronto, it was announced yesterday by Veterans' Affairs Minister Ian Mackenzie. The new superintendent is a former student of Queen's University from which he graduated in Medicine in 1914, receiving his MD CM in 1915. He took over his new duties as head of Sunnybrook Hospital yesterday, and visited the site of the construction.

Col. Hollis, who has been medical officer commanding the Canadian hospital ship Lady Nelson, is a veteran of both the first and second World Wars. He enlisted in the Royal Canadian Army Medical Corps in January, 1942, with the rank of major, as officer commanding Rideau Military Hospital, Ottawa, from which post he was transferred to the Lady Nelson.

"Good progress is being made with the hospital construction," Col. Hollis said when interviewed following his inspection tour. "Considering the shortages of manpower and labor a really excellent job has been done. I would rather not say much about future operations until I have had an opportunity of knowing more about the various phases."

Col. Hollis enlisted in the first World War in March, 1915, and spent three years in France. He was officer in charge of medicine at No. 7 Canadian General Hospital, and was mentioned in dispatches.

W. J. Stewart, chairman of the veterans' hospital committee, expressed pleasure at the appointment of Col. Hollis.

"He has a brilliant reputation and I know his appointment will meet with universal approval," Mr. Stewart said.

Spaatz Warns More Coming

GUAM, Aug. 8—(AP) — The
obliterating blast of a single
atomic bomb dropped by a lone
Super Fort destroyed 60 per cent
of the important Japanese city
of Hiroshima, Gen. Spaatz, com-
manding officer 20th Air Force,
estimated today.

Gen. Spaatz warned the enemy
that more B-29s are ready to drop
more of the world's most destruc-
tive explosives on the island cities
if resistance continues.

The Strategic Air Forces com-
mander said that 4.1 square miles
of Hiroshima's built-up area of
6.9 square miles were wiped out.
Five military targets were de-
stroyed by the one bomb. The
communique did not identify
them.

Grim details of what happened
on the ground come only from
Tokyo.

Dr H.C.Burleigh,

Bath, Ontario,

Dear Dr Burleigh,-

I have been a long time in replying to your kind letter of August 5th regarding membership in the Bay of Quinte Branch, U.C.L Association.

I have been prevented from going down to see you because of many things such as:- Sickness, Passing of near relatives and car accident. I am thankful that no one was injured in the car accident but the car is still in the paint shop.

We always put the car up for the Winter just as soon as Winter really begins and leave it there until the Spring opens.

We have decided that it might be just as well for us to leave the matter until early Spring when I will drop you a line or call you up and make an appointment suitable to you.

My Grandmother on my father's side was a Dryden. I have a vague idea of who ~~their~~ brothers and sisters ~~but~~ were but know very little of the history. Probably you could enlighten me along those lines.

Thanking you ver, very much for all the trouble you have taken in the matter. Here is hoping that the matter can be re-opened in the early Spring when the car is running again.

Yours sincerely

Clive D. Tamby

Dear Doctor,-

Many thanks for your letter and forms
regarding membership in the United Loyalists'
Association, Branch of the Bay of Quinte, Adolphustown,
Canada.

I am at a loss as to the correctness of my
family tree.

I know that my mother was a direct descendant
of the Hoffman family which resides in Moscow. He
mother was a Garrison which I think also came from
the U.L.L. stock. So far as my father is concerned,
his mother was Margaret Dryden.

I have been wondering if I would be asking
to much to ask you to help me complete this form.

I could call down at your office if you could see
your way clear at some future date.

I will enclose a stamped addressed envelope
for your reply. Thanking you,

Yours sincerely
